

NHSBFAA Executive Meeting

Present: Rick Thompson, Craig Adams, Perry Marshall, Wanda Rone, Charity Ross, Cassandra Gregory, Johnny Hill, Ivye Arnold, Barclay Spotz, Carol Windsor, Jen Morgan

Rick opened the meeting.

Meeting opened with quick discussion of football and concessions. Only 3 home games remaining, including homecoming. Question came up- who will replace Charity next year? Shannon Ennis, the girl's track coach, is going to train to fill in for team meals and possibly concessions for football. No one in place for basketball.

Financial report was discussed. There were no questions. Charger Cards – 1600 cards are distributed through the different sports and Clubs. Each sport/club received the amount they asked for, as we had to order 400 more cards for baseball, lacrosse, men's basketball, and women's basketball. The different sports/clubs are responsible for returning the money and/or the cards prior to November 1, 2019.

Barclay brought up something she had come across, Galloway Ridge has grants available to give \$100k to Chatham County Schools. The submission must be in by 11 October. Barclay was going to approach Karen Entrekin (has a freshman at NHS) about writing the grant proposal. The grant money would go to the resource fund, if successfully obtained.

Barclay then opened discussion for the need for the Nuthouse to have a weekly stipend for the games. They have brought in a lot of students for the home games and would like to have headbands, etc. to show team spirit. Also, they would like a large banner to hang. The banner would be about \$70. Barclay was going to order it. The board also approved the Nuthouse receiving \$150-\$200 per game for the remainder of the season.

Lastly, Barclay asked for help visiting local businesses to ask them to support NHS. Several board members volunteered for specific businesses. A list was sent out separately to keep track of who is going where. The \$250 donation or sponsorship would be deposited in the resource fund.

Charity motion to dismiss; second by Craig. **Meeting was adjourned.**
